"Groundwork" Programming

September 12 – "Free from the Curse"

It can be difficult to maintain consistency in our daily lives. We strive to what is morally right, yet our natural tendencies toward sin often derail our efforts. In Galatians we're reminded that faith in Christ makes us right with God, but what good is following the God' law if it doesn't do anything to save us from our sinful nature?.

September 19 – "One in Christ"

One of our greatest human desires is to belong. Deep down we seek to be loved and accepted unconditionally by others. And yet we continue to divide ourselves into groups based on money, education, ethnic backgrounds, and so on. How do the law AND the gospel address our divisive society?

September 26 – "Living Free"

When you think of freedom, do you associate responsibility with it or as its opposite? Liberty, license, and responsibility. These are the three main ideas found in our next section of Galatians. How does the apostle Paul include them in Christian freedom?

October 3 – "Fruit of the Spirit"

Living in the good news of Christ frees us from the condemnation of Old Testament law. Once we've received freedom, what do we do with it? Our next study of Galatians addresses that question by talking about internal conflict, spiritual warfare, and the Fruits of the Spirit.

*Thank you for sharing with your parishioners that Groundwork is broadcast at
8:30 AM and 9:30 PM each Sunday*
